

Dear Local Business Owner,

The Bridgeland Barracudas Swim Team is getting back in the pool for the 2010 Summer Swim Season! The 2009 season was our inaugural year and we are proud to boast a team of nearly 200 swimmers who are undefeated and divisional champions! We are a parent-run, volunteer organization that serves the children residing in *Bridgeland, Blackhorse Ranch, Cypress Creek Lakes, Cypress Creek Ranch and surrounding communities*. Community support is crucial to our continued success.

Your contribution to the Bridgeland Barracudas Swim Team will provide an excellent opportunity to promote your business to hundreds of families in the Cypress area while receiving a **tax deduction** for your donation to our non-profit organization. One of the best ways to help is through a monetary donation or an in-kind donation. By donating goods or services to the team, we are able to direct funds to be used for the purchase of equipment for the team.

During our season, swim meets are held all over the Cypress area and three this year will be held at the Bridgeland Aquatics Center in Bridgeland. During these meets our parents volunteer selling meet programs, concession drinks and refreshments, in addition to operating the meets. There are many different Sponsorship Levels to choose from, each offering terrific marketing opportunities for your business. Please view the enclosed materials that describe the various sponsorship levels and respective benefits.

The Barracudas are a wonderful group of children ranging in age from 5-18 years of age and are dedicated athletes who spend many hours a day practicing to perfect their skills. We offer a fun and healthy environment where lasting memories are made and goals are achieved.

We thank you for your generous support and look forward to another winning swim season!

Sincerely,

Chrissy Benton  
Marketing & Fundraising Director
